

Iran ARRESTS Taraneh Alidoosti, a famous actress

December 20, 2022

On 19th December 2022, Iranian actor Taraneh Alidoosti was arrested for supporting protesters of the anti-Hijab agitation.

The agitation started in Iran on 16th September 2022, when **Mahsa Amini**, who had been arrested by the Iranian Morality Police for not wearing Hijab properly, died in the prison.

Reuter has reported that, till now, 500 persons have died in clashes with the Police and 18,000 persons have been arrested during the agitation.

It has also been reported that on 8th December 2022, Mohsen Shekari, a football player of repute, was the first person to be executed at the orders of a court. He was accused of Moharebeh, a Persian word translating to "waging war against God."

DiGiNews360's view is that the law for compulsory hizab for women is a relic of thinking of 6th century and should be abrogated, without any delay.

We call upon Iran to disband the Morality Police and the courts, which implement such a law. These have no place in the 21st century.

Amnesty International has said that 11 people have been sentenced to death over the protests. At least another nine, including Mr Nasr-Azadani, a football player of repute, face the death penalty.

In our "Appeal to PM Trudeau to Save 20 Women of Iran" of 14th December 2022 at <https://diginews360.com/appeal-to-pm-trudeau-to-save-20-women-of-iran/> , we had requested Justin Trudeau **to offer asylum** to all the 20 persons, who face the death penalty in Iran, according to Amnesty International.

DiGiNews360 strongly protests against the inhuman acts of the Iranian government in this 21st century. We call upon people, and governments to act individually and jointly through UNO to stop the cruelties being inflicted on the women of Iran.

DiGiNews360 is pleased to see that in cities of the world, big and small, protests against the Iranian Government have been organized by ordinary people. Even in the city of Windsor, ON Canada, the small Iranian community organized it on Monday, 19th December 2022. **DiGiNews360 calls on all to join the Iranians, at the next protest so that our mammoth numbers may be able to open the eyes of the Iranian rulers.**
