Fee Regulatory Committee Office: 2nd Floor, ACPC Building

496 of these Colleges have applied to Gujarat Government for permitting a Fee-hike of 15% to 35%. The Government has appointed a Fee Regulatory Committee, headed by Justice Akshay Mehta, a former Judge of Gujarat High Court, to study and decide on these demands.

The Committee will visit the Colleges and then decide on the quantum of Fee Hike, after assessing the facilities and the expenses, required to run the College well.

Due to low demand, many Colleges have not increased the fees for the last 7 years. With continuous inflation, this has created a situation, where the Colleges do not have funds for improving or expanding the infrastructure. **Professor Kamlesh Joshipura**, Member of the Fee Regulatory Committee, said that the committee will decide on the hike in a judicious manner.
