Dec 20, 2023

Dec 20, 2023: Gaza: FEAR [www.diginews360.com](http://www.diginews360.com) had reported a day earlier that the Gaza war will become a bigger conflagration and draw in other countries, creating a world war like scenario in area around Isarel and the Mediterrian Sea. Today there is a report from the Hamas saying that Isarel has invited urban warfare experts from Ukraine to help in its war at Khan Younis.

**Isarel Defense Force(IDF)** has reported locating another big luxurious tunnel with executive offices near Khan Younis (**Yahya Sinwar** is leader of Hamas and he planned and executed the terrorist activities of October 7, 2023. He is supposed to be working from Khan Younis)

**Ismail Haniyeh** a leader of Hamas from Doha, Qatar has called upon Pakistan to use its 'Islamic bomb' to force an immediate ceasefire in Gaza, as a result in all the cities of Pakistan religious leaders have mounted large protest marches asking the Pakistani governments to threaten Isarel with extinction through a Pakistani atom bomb , if it does not immediately declare seize fire in Gaza.

On Dec 20<sup>th</sup> India has announced that it is sending its 2 naval ships to Red Sea to ensure that commercial shipping is not disturbed. India has not joined the

multinational force assembled by USA but it is going to ensure safety of commercial shipping.

*The readers of [www.diginews360.com](http://www.diginews360.com) may be knowing that 2 yrs back, when Somalian pirates had started attacking commercial shipping near the horn of Africa many countries including India had sent their naval ships to stamp out the problem.*

EDITORIAL COMMENTS: [www.diginews360.com](http://www.diginews360.com) calls upon the saner elements among the leaders of Arab countries and Iran to work through back channels to sort out the issues of a seize fire in Gaza , release of all hostesses by Hamas, setting off a stable system of governance by the Palestinian authority so that the terrorists are not able to overpower the narrative of peace in the holy lands. [www.diginews360.com](http://www.diginews360.com) asks again all this leaders to not wait for UN security council, USA, Europe or the Russia & China to solve their problem. The Arab lands are not so densely populated that they cannot be sustained without a genocide of all Jews in Isarel. In fact, the universities and the innovations developed in Isarel can become an asset to make the entire holy land a rich and developed part of the world, if only the age-old hatreds can be eliminated.

HOPE: [www.diginews360.com](http://www.diginews360.com) feels that if the scholars of the Abrahamic religions cannot jointly generate a feeling of brotherhood and love to replace the deep hatreds in the holy lands, we should stop believing in the greatness of any religion.

*India Prime Minister: Shri Narendra Modi*

ANOTHER RAY of HOPE: Plaestinian Authority, Isarel, UAE, Saudi Arabia and Egypt leaders in the holy lands want they may use good offices of Prime Minister Narendra Modi for working out equitable towns of the peace agreement.
