

Netanyahu and Putin: Do they both want to end the wars?

February 9, 2024

EDITORIAL COMMENT: www.DiGiNews60.com hopes that the world will not move down the slippery path of expanding the Israel-Hamas war to a direct war between Iran and the west. President **Joe Biden** and its allies had tried to calm tensions in the Middle East for weeks and prevent any wider conflict, the strikes in the Red Sea threaten to ignite one. However, when three US soldiers lost their lives in the Jordan Camp, USA and UK have rained bombs at the missile-launch stations of the Houthis, to reduce the capability of Houthis to attack commercial ships in Red Sea.

www.DiGiNews360.com calls on Houthis and Iran, the 'real leader' of the militia not to sleep-walk the world into a bigger war.

Thursday, February 8, 2024: Even after 4 months, Tel-Aviv has not been able to catch al-Sinwar and other top Hamas officials. Nor is it able to get all Israeli hostages in Gaza released.

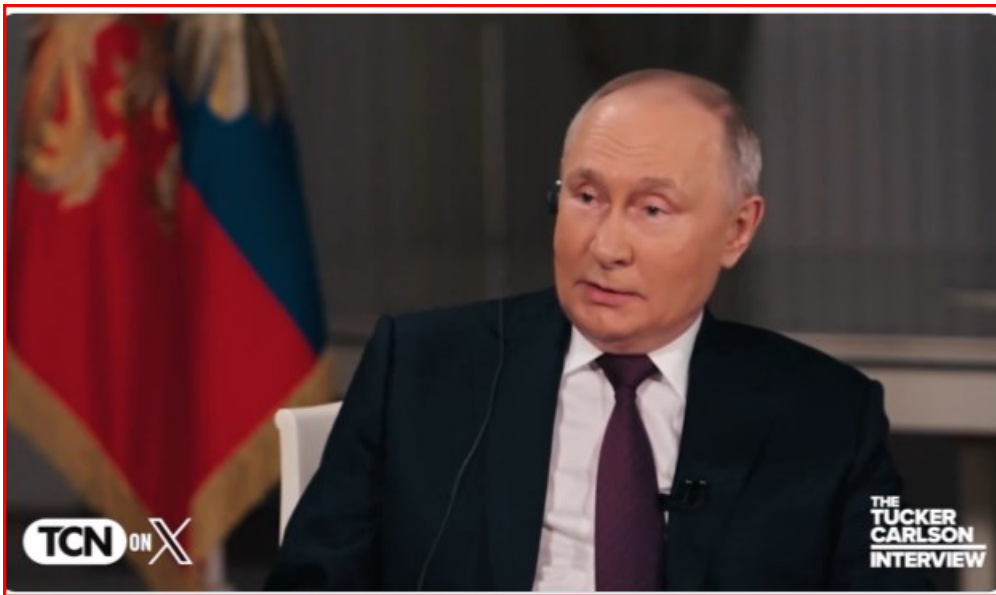

Sinwar is known to be in **Khan Younis** and is leading the attacks on **Israel Defence Forces (IDF)**. The Hamas **Missile Launchers**, their factories and their **well-appointed offices** are **located in tunnels, below Schools. Hospitals and mosques**. The missiles are targeted at Israel from densely populated civilian areas, so that when Israel mounts **bombing attacks, in return**, on the missile-launching site, it always leads to **collateral damage of civilians in Gaza**.

Benjamin "Bibi" Netanyahu, the **Prime Minister of Israel** had pledged on October 7, 2023 to catch and punish every single Hamas terrorist. Today, he has agreed to **the compromise** of accepting a ceasefire if the Hamas leadership is exiled out of Gaza and if Gaza is ruled by a non-radical ruling establishment.

Yahya Sinwar, Leader and Planner of 'October 7 terrorist Attack' on Israel

Benjamin "Bibi" Netanyahu, the **Prime Minister of Israel** has, today, come to the conclusion that Israel has to **agree to a compromise with Hamas leadership**, since, even after 4 months of war in Gaza, IDF has not been able to achieve the objective of catching the terrorists, who perpetrated heinous cruelties on civilians, including children and handicapped old persons, in small hamlets of Israel, on 7th October. Both **USA and UK**, and most of the countries, are now **asking Israel for a ceasefire**, since the civilian casualties in Gaza are increasing. Moreover, President **Joe Biden** has to face an election in 2024 and he does not want to lose the support of the left wing of Democratic party, which is asking for an immediate ceasefire.

*February 8, 2024: **Putin** in his **first interview** with a western journalist **after February 24, 2022***

February 8, 2022: “Russia does not want to attack Poland or any NATO country, unless they force it, by effectively participating in the war through supply of arms and boots on the ground in Ukraine,” said **President Putin**, in his **first interview with a Western journalist since February 24, 2022.**

Putin disclosed that **peace talks with Ukraine had been “almost finalized,”** in **April 2022** when Ukraine “threw away all these agreements, due to the promise of ‘unlimited support’ by the European countries and USA, for fighting Russia to the bitter end. **Putin** specifically pointed to **Boris Johnson, who allegedly dissuaded Ukrainian President Volodymyr Zelenskiy from signing a peace deal,** early in the conflict.

During the last many months, Kremlin’s public posture has been that **engaging in peace talks with Ukraine was “unrealistic,”** while Ukraine has insisted that

peace could only be based on a full withdrawal from the territory, Russia had seized since the invasion.

During his two-hour conversation, with **Tucker Carlson, the former Fox News host, Putin** touched on various topics related to “**history of Russia, Lithuania, Poland, and Ukraine, from the ninth century rule of Oleg the Wise to the struggles of the 1300s**”, foreign policy, and the ongoing conflict in Ukraine. **Putin called Ukraine an artificial construct by USSR**, since it had never been a single country in the entire history of Europe.

Putin said very clearly that he wanted good relations with USA and was not seeking a war with the west.

Analysis by www.DiGiNews360.com shows **that both Israel and Russia may agree to a ceasefire**, provided the rest of the world, in particular USA and the countries of Western Europe want it.

While the Defence Ministers of UK, Germany and Sweden have said, during the last few months, that they were not ready for a war with Russia, they would like Ukraine to continue the war, so that Russia can be weakened.

26 January 2024: Delhi: President Emmanuel Macron with PM Narendra Modi

Both the French President and the Indian Prime Minister have asked the war in Ukraine to stop.

www.DiGiNews360.com calls on the west, Russia, Israel, Iran and Qatar to listen to the following message of the Indian Prime Minister **Narendra Modi**:

“The Present Time is not an Era of War”

This message was conveyed, by the Indian Prime Minister **Narendra Modi** to the Russian President **Vladimir Putin** on September 16, 2022, during a bilateral meeting on the sidelines of the **Shanghai Cooperation Organization (SCO)** summit in Samarkand, Uzbekistan. PM **Modi** emphasized that global concerns related to food, fertilizer, and fuel security should take precedence. He said that democracy, diplomacy, and dialogue are essential for maintaining global stability.

www.DiGiNews360.com wants to remind the Leaders that inflation has hit the poor in all the countries, in particular the poorer countries of the Global South, hard. Let us all listen to saner voices of the world and stop the wars, wherever these are being fought.
